PARTY IN THE PARK

- Another successful evening, marred only slightly by reports of youths making a nuisance of themselves for a period after the party had finished.
- A car belonging to a family member of the band was damaged while parked in the village for the evening, this is of course sad to hear, but also out of character for the village and the event. Greg has sent a reply.
- The evening made a loss of approximately £35.00, though we have this year purchased a new BBQ which will provide many future years of service. The event is not arranged with a view to making a profit, though of course any profit made would be used to pay for the children's Christmas Party, the purpose of the evening is for local residents to enjoy themselves and promote social wellbeing in the village.
- Debbie to send letters thank those who proved raffle prizes
- Park checked; the CGPC have returned the Deposit cheque and sent an email to thank those involved in "a very efficient clear up"
- No significant changes to the arrangements for 2018

Future Events

- To concentrate on social cohesion, the CGRA will look to arrange more events, these will include Christmas and New Year Parties
